

NORTH METRO DERMATOLOGY

Due to recent changes with insurance companies, procedures that were covered in the past are not being covered or are covered at a very a low rate, (the insurance companies consider them cosmetic, not medically necessary). We are not billing insurance companies for the removal of benign lesions including the following: skin tags, seborrheic keratosis and milia. There will be a charge to treat or remove them, and payment is due at the time of the appointment. We apologize for any inconvenience.
